

MEGHANA M

Developer L1 | PL-SQL | Full-Stack | ReactJS | Java | MySQL

Hyderabad, India | +91-8747099935 | meghanamohan321@gmail.com | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Detail-oriented Developer with hands-on experience in software development, PL-SQL, Java, and full-stack web application delivery. Demonstrated ability to analyze client requirements, translate them into feasible designs, identify root causes of system issues, and ensure 100% quality assurance through rigorous testing and documentation. Experienced in SDLC, REST APIs, database management (MySQL/PL-SQL), and ReactJS-based frontend development. Strong communicator with a record of on-time delivery and customer-focused engagement.

TECHNICAL SKILLS

Mandatory Skill:	PL-SQL (Stored Procedures, Functions, Triggers, Queries)
Languages:	SQL, PL-SQL, Java, JavaScript, HTML, CSS
Frameworks:	ReactJS, Bootstrap
Databases:	MySQL, PL-SQL / Oracle SQL
Tools:	Git, GitHub, VS Code, MySQL Workbench, Eclipse IDE
Deployment:	GitHub Pages, Vercel
Methodologies:	SDLC, Agile, Root Cause Analysis, Test Case Design, Code Review

WORK EXPERIENCE

Technical Trainer

1 Year

10000coders — Hyderabad

- Designed and delivered structured training on HTML, CSS, JavaScript, ReactJS, and MySQL to 100+ learners through hands-on, project-based curriculum aligned with industry standards.
- Developed and reviewed coding assignments; mentored trainees on clean-code principles, software documentation, and real-world project delivery — supporting quality assurance across all submitted work.
- Prepared comprehensive documentation and progress reports to track learner status, mirroring MIS reporting and stakeholder communication responsibilities.

Web Developer Trainer

SuprMentr — Internship

- Provided hands-on instruction in front-end web technologies and guided trainees in applying coding best practices, test scenarios, and real-world project execution.

Front-End Developer

DigiGlobe Solutions — Internship

- Developed a fully responsive, cross-device E-Commerce Website using HTML, CSS, and JavaScript; validated UI against functional requirements to ensure error-free delivery.
- Collaborated with team on daily status reporting, usability feedback, and documentation of project progress.

IoT Application Developer

Sensors & IoT Application Development — Internship

- Designed and built a Smart Baby Cradle Monitoring System using Arduino UNO with real-time sensor integration; documented system specifications, flowcharts, and performance parameters.

PROJECTS

E-Commerce Website — HTML | CSS | JavaScript | ReactJS | Vercel

- Built a fully responsive platform with product search, filtering, and cart management; executed test cases to ensure cross-device compatibility before deployment on Vercel via GitHub.
- Documented code architecture, component layouts, and deployment steps for maintainability.

React Admin Dashboard Application — ReactJS | Bootstrap | HTML | CSS | JavaScript

- Developed a modular web-based dashboard to monitor, manage, and analyze application data; applied clean-code standards and conducted unit-level validation for all modules.

McDonald's Food Ordering Website (Full Stack) — HTML | CSS | JavaScript | Java | MySQL | PL-SQL

- Engineered a full-stack food ordering platform with Java backend, MySQL/PL-SQL database (stored procedures, queries), and a responsive ReactJS-inspired frontend.
- Managed SDLC end-to-end: requirements gathering, design, development, testing, and documentation.

Smart Baby Cradle Monitoring System (IoT) — Arduino UNO | Sensors | Embedded Systems

- Delivered a working prototype with real-time water-level and sound-detection alerts; presented at StartUp MahaKumbh 2024, New Delhi — recognised for innovation in IoT solutions.

EDUCATION

Bachelor of Engineering — Computer Science

Sri Krishna Institute of Technology, Bangalore, Karnataka

2025 | CGPA: 9.2 / 10

ACHIEVEMENTS & LEADERSHIP

- Presented IoT project at StartUp MahaKumbh 2024, New Delhi — recognised for innovation in IoT-based solutions.
- Won Inter-College Debate Competition — secured top position for three consecutive years, demonstrating strong communication skills aligned with client-facing responsibilities.
- Served as Class Representative & Student Coordinator; Volunteer at Lila Poonawala Foundation for community outreach.
